

play sound games with me outdoors

card
12

play with soundmakers outside with family and friends

- take it in turns to scrunch on a gravel path
- throw pebbles in a pond, you then me – notice the different sounds they make
- let me listen to you splash in a puddle, then help me to do the same
- make a big pile of leaves, and jump with me in the middle
- go somewhere that echoes (such as a cave) and yell and stamp your feet with me
- in the middle of a field or park, walk around and call out to me – encourage me to do the same
