show me how the same short repeated pattern can make up a simple piece of music

- play 'rat-a-tat-tat, rat-a-tat-tat, rat-a-tat-tat' on the drum
- go 'shake-shake-bang, shake-shake-bang, shake-shake-bang' with the maracas
- play patterns of three or four notes on the keyboard, like 'C-D-E-, C-D-E-, C-D-E-'
- do the same on the glockenspiel
- stop the pattern in mid-flow and see if I want more
- make these 'daisy chains in sound' on different instruments: 'tap-tap-tap' on the drum, then the tambourine, for example
